Hi again Jon, it is a good day to review surveys!

Thank you for your report and 5-day scrub-jay survey results.

Based on the results of your survey, this site is not currently occupied by scrub-jays. Therefore, the Service has no objection to its development.

For Admin: Please log this project in to the ECOS site.

Hope all is well with you!

Erin

Just when you thought it was safe to go back in the water....one more request for you. Please see attached FSJ report on this Indian Harbour Beach project site. If you have any questions or concerns, please let me know. Would it be possible to get a clearance email on this one as well? Thanks.

Have a good weekend.

Jon
